

# JAPAN 2012

An International Comparison

**Keizai Koho Center**  
Japan Institute for Social and Economic Affairs

The Keizai Koho Center has published a pocket-sized, English-language international statistical comparison booklet filled with the latest data related to Japan and the major countries of the world. This collection of data is comprised of eight chapters and is packed with 150 charts and graphs. The fields compared include the economy, trade, industry, energy, the environment, labor, education and the lifestyles of Japan and various nations of the world. The databook is an excellent resource for ascertaining the trends of the world, as well as those of Japan within the global context.
